

"YOUR FATHER'S SON"

Verse 1

D G Bm A
This frozen ocean stretches out to me
Bm G D A
A thousand miles upon this icy sea
D G Bm A
But my course is ever dear to me
Bm G A D
Since I was a boy my father said to me

Chorus: (x2)

 G D G D
You're your father's son, far away you'll run
 Bm G
And we'll find the Northwest Passage
 A D
Through the midnight sun

Verse 2

Since I was a boy exploring's all I know
I'm at the mercy of the winds that blow
These sheets and sails are all I have to show
I'm northward bound to where my heart will go

Chorus x 2

Instrumental - verse and chorus chords

Verse 3

Now if for home your heart begins to yearn
By Northern Lights see all you'll need to learn
But from the ocean son I will return
No matter where your fortunes toss and turn
